

CURS 2021-22 MASTER IN ENVIRONMENTAL ENGINEERING AND SUSTAINABLE ENERGY (MEESE)

1st SEMESTER						
	MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY	
9-10						
10-11						
11-12						
12-13						
13-14		Advanced Fluid Mechanics (20735216) Aula 112	Unit Operations (20735214) Aula 112	Fundamentals of Chemical Engineering (20735212) Aula 112	Thermal Engineering (20735215) Aula 112	
14-15					Analytical tools applied to environmental engineering (20735202) Aula XXX	
15-16	Renewable energy technologies (20735106) Aula 112	Energy efficiency in industry and transport (20735108) Aula 112	Waste management and valorization (20735110) Aula 112	Environmental and energy legislation (20735105) Aula 112	Renewable Energy Technologies (20735106) Aula 112 Week 1-7	Energy efficiency in industry and transport (20735108) Aula 112 Week 8-15
16-17						
17-18					Management and administration of companies (20735201) / (20695108) Aula 113	
18-19	Sustainability Tools (20735103) Aula 112 Week 1-9	Waste management and valorization (20735110) Aula 112 Week 9-15	Eco-efficient process design (20735112) Aula 112	Sustainability tools (20735103) Aula 112		
19-20						
20-21						

2nd SEMESTER						
	MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY	
9-10						
10-11						
11-12						
12-13						
13-14			Kinetics and Reactor Design (20735211) Aula 112		Emerging Energy Technologies (20735208) Aula 112	
14-15						
15-16	Environmental and energy economics (20735102) / (20725104) Aula 112	Thermal and hydraulic machines (20735104) Aula 112	Thermal and hydraulic machines (20735104) Aula 112	Eco-efficient process design (20735112) Aula 112	Advanced water treatment (20735111) Aula 112 Week 1-8	Atmosphere and air pollution (20735101) Aula 112 Week 8-15
16-17						
17-18			Energy efficiency in buildings (20735107) Aula 112			
18-19	Integration of renewable energies (20735203) Aula 112	Change management (20735205) / (20725113) Aula 115		Advanced water treatment (20735111) Aula 112	Atmosphere and air pollution (20735101) Aula 112	Modelling of wastewater treatment plants (20735206) Aula 112
19-20						
20-21						

INDUSTRIAL LEADERSHIP (shared with the Master in Technology and Engineering Management) will be given ONLINE from the 27/09/21 to the 19/11/2021 in intensive format. Detailed schedule will be given in July
